RE: Texas Public Information Act Request
Original Requests Date: October 3, 2025
Responses to Clarifications/Narrowings: November 4, 2025
Requestor: Kevin Bass

Dear Kevin Bass:

On October 3, 2025, Texas Tech University System (TTUS) received two requests from you for information related to metadata exports for emails, teams, SharePoint, etc, related to numerous custodians and search terms. On October 17, 2025, TTUS sent two clarifications/narrowings to your October 3, 2025, requests. On November 4, 2025, you sent two identical responses to TTUS's clarifications/narrowings. Your responses requested metadata information for emails only related to certain custodians and search terms.

TTUS has requested an Attorney General Open Records Decision ("ORD"), which will determine whether we may release the information to you. Our ORD request is attached for your information.

Once the Attorney General makes a decision regarding the public disclosure of the information, TTUS will make the information that is determined by the Attorney General to be public, if any, available for copying or inspection.

Sincerely,

Bronte Staugaard

Bronte C. Staugaard
Assistant General Counsel

Enclosures: Bronte C. Staugaard's Letter to The Honorable Ken Paxton dated November 18, 2025.
